November update.....here it is!

EVENT WRAP UP

The Big Deal - Carnivale

A fun night was had by all at the recent young professionals networking event, The Big Deal. Hosted by CPA (who did a fine job!), many drinks were had and controversial banter was free flowing throughout the evening. We were proud to see some environment SYPs mingling and networking. Watch this space for more details about the next Big Deal event (I wonder who could be hosting it next time?). For some great photos go to: www.icebergevents.com.au
